Whereas, In Indiana there is now a constitutional cap on business real estate tax and, according to the Tax Foundation (a national organization that advocates for low taxes and fair tax policy), Indiana has the most taxpayer friendly income tax of any state that has a personal income tax;

Whereas, Indiana has universal reciprocity for every state's firearms carry permits, as well as a statewide preemption law that restricts local governments from limiting citizens' rights to defend themselves and to carry firearms;

Whereas, In addition, Indiana is the first and only state to have a lifetime firearms carry license;

Whereas, Indiana ranks first in manufacturing jobs and ninth in logistics jobs per capita; one in five Hoosiers works in these fields;

Whereas, Indiana is home to a number of prominent engineering schools, not the least of which are Purdue

University, the University of Notre Dame, and Rose-Hulman Institute of Technology;

Whereas, Naval Support Activity Crane, Indiana, is home to Naval Surface Warfare Center, Crane Division, a center of excellence for special operations weapons, and Crane Army Ammunition Activity, a national leader in conventional ammunition and related components;

Whereas, Naval Surface Warfare Center, Crane Division, has the nation's leading component and system level products and industrial engineering of small arms for special forces, whose vision is "Crane will become the Department of Defense's premier engineering, acquisitions, and sustainment organization";

Whereas, Crane Army Ammunition Activity's mission is "to receive, store, issue/ship, produce, renovate, and demilitarize conventional ammunition, missiles and related components to meet contingency requirements in support of the Joint Force";

Whereas, Naval Surface Warfare Center, Crane Division, has world-class and state-of-the-art evaluation facilities with existing mechanisms for private use agreements;

Whereas, Men and women across Indiana are able, willing, and ready to be the dedicated workforce that makes companies relocating here some of the most competitive in the world;

Whereas, As of 2012, Indiana, is a Right to Work state;

Whereas, Hoosiers are noted nationwide for their work ethic;

Whereas, Indiana continues to significantly invest in infrastructure and education in every region of the state; and

Whereas, The Indiana Economic Development Corporation has significant economic stimulus tools at its disposal: Therefore,

Be it resolved by the House of Representatives of the

3 under both the United States and Indiana constitutions to relocate to
4 our state.

5 SECTION 2. That the Indiana House of Representatives notes that
6 the state of Indiana, being a highly attractive state in which to work and

8 work and grow here.

9 SECTION 3. That the Indiana House of Representatives requests
10 these companies to contact, as soon as practicable, the Indiana
11 Economic Development Corporation to receive all the benefits
12 available to them upon becoming an Indiana company.

14 Representatives transmit a copy of this resolution to vendors and
